

Numab is an evolving, innovative Swiss biotech company based in Wädenswil and Pfäffikon SZ. The company is focused on the discovery and development of antibody fragment-based therapeutics. With our breakthrough antibody discovery and multi-specifics engineering platform, we engage in proprietary projects as well as collaborative research on behalf of partners in the pharmaceutical industry.

We are looking for a highly motivated and passionate person to join us as

Intellectual Property Professional (f/m)

In this position, you will report directly to the CEO and you will closely work together with research and development and our external patent lawyers. Your responsibilities include:

- Drafting of new patent applications in collaboration with outside patent lawyers and Numab research
- Manage prosecution and maintenance of patents and applications together with outside patent lawyers
- Monitoring and analysis of prior art and competitive IP landscape (patentability and FTO analysis)

Applicants should have a PhD or Master degree in Immunology, Biochemistry or related subject and further education in intellectual property law and practice, preferably registered to practice before EPO or partly qualified.

Applications should highlight and provide evidence of:

- At least one year practice in intellectual property matters
- Experience and talent in scientific writing
- An ability to work under pressure and to stick to hard deadlines
- Motivation to work with and manage inter-disciplinary team
- Fluency in English as well as strong IT and organizational skills
- Exposure to antibody discovery, engineering or development is a great plus
- Bioinformatics know-how (i.e. protein and DNA sequence analysis) is a plus
- Experience in biotech/pharma industry is a plus
- Experience in managing IP-budgets is a plus

Are you looking for an inspiring, entrepreneurial atmosphere and want to be part of a young and dynamic team where your contributions are both essential and valued? We are looking for skilled people who are eager to make an impact. We are offering a key position in an innovative environment as well as a competitive compensation package.

We are looking forward to receiving your complete application in English with reference number NB0036 to hr@numab.com.
